FROM THE ARCHIVES

FROM THE ARCHIVES

Newspaper comic strips helped to create the comic book as we know it today, with the earliest collections of popular daily strips of the era serving as a springboard for the stories of adventure, mystery, and super-heroics that followed. Comic strips and classic comic books are being collected more and more each year; from fan-favorites to the obscure and little-known. Saving readers and collectors hundreds, if not thousands, of dollars they might spend pursuing the originals, these collected editions ensure that the material reproduced in their pages will never be lost. This month's issue of ***PREVIEWS*** is filled with dozens of comic book and strip collections, both new and backlist. Just look throughout this issue for our *"From the Archives"* icon for more great collections! And for some great collected editions, be sure to check out our spread of some of our recent favorites, located on **pages 196-197**!

HAPPY NEW (PREVIEWS) YEAR!

PREVIEWS FROM THE EDITOR

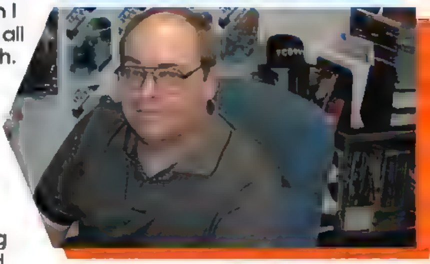
SEASONS GREETINGS!

I don't think I'm alone when I hope for 2020 to be over sooner than later. It has been a horrible year… what with the pandemic, ongoing fears of contracting Covid-19, uncertain times at work, and the mental, emotional and physical effects of the isolation of the situation (if you live alone, like me). And to add to the anguish and existential grief, I'm writing this editorial on the day after Election Day… and they're still counting votes with no clear winner. I'll give it to 2020, it's consistent if nothing else.

With December upon us, we look forward to the holidays, family, gift giving, and good times. For those of you with family close by or under the same roof, don't take those people for granted… love them, support them, and know that just as you are there for them, they are there for you. Which has to count for something in this world turned upside down.

And to the shopkeepers and staff of the retail accounts we serve, I wish you all a prosperous holiday season, and much success and happiness in the New Year. I know we can't please everyone, and I know it can be frustrating when a shipment arrives and it's not 100% perfect. I know the feeling, having done my time (and what a time it was!) at the retail level in California's *Comics & Comix* chain. I had plenty of experiences receiving shipments, small and large (Sunday afternoons receiving and breaking down the week's new comics shipment for the entire chain, delivered to the basement of our Sacramento store via semi truck). They weren't always perfect, but what is?

To my Diamond family, I wish you all happy holidays and a prosperous New Year. We have been through something that none of us have ever experienced before, and come through it a bit roughed up, but alive and kicking.



To my family back in California… what can I say except I love you all and miss you so much. More than anything I wish I could be with you this year for Christmas, but it's just not safe to travel. Although… I guess I could drive cross-country, it's something I have always wanted to do.

And finally, to all of you reading this, our beloved fans, the collectors, the specialists, the geek who shall inherit the earth… thanks for being with us always. In a year that required the maximum amount of escape from a reality that seemed all-too-*unreal*, ***PREVIEWS*** served up 11 (and a half?) issues of pure escapism for the masses. I hope you were able to find some solace in the pages of the comics and graphic novels offered within our pages; felt the elation of adding that special collectible to your shelves… the shelves that bring us all a feeling of comfort with their assemblages of awesomeness. You guys are why we do this… and I wish you all the happiest of holidays and a *MUCH* better 2021.

Keep the faith, folks. I'll see you all back here next year, for the next chapter (volume?) in the ***PREVIEWS*** saga.

Your Pal @ ***PREVIEWS***,

Marty

Overstreet #1 Second Printing Facsimile Set for February 2021

As the 50th anniversary of Overstreet continues, 2021 will bring another golden anniversary. The rare blue cover edition, the second printing of *The Overstreet Comic Book Price Guide* #1, will get a facsimile edition that is scheduled to hit comic shops February 24, 2021.

Following the success of the first printing/white cover edition in 1970, Bob Overstreet was forced to go back to press the following year. He made a handful of corrections to the *Guide* and added several new pages of ads for the second printing, which featured the same cover art, but only this time it was done on a blue stock. The *Guide* #1 *Second Printing Facsimile Edition* will be offered in soft cover ($16.95), a run of 400 hardcovers ($25), and 100 numbered hardcover copies signed by Bob Overstreet ($50).

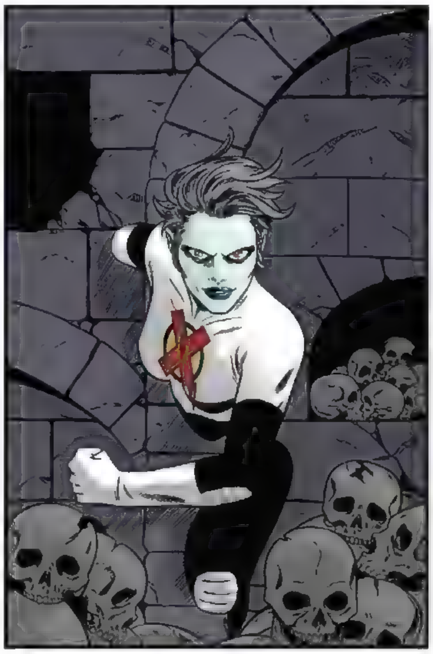
Ghostly Apparition of Marvel's Dead Girl



Violence and death are a big part of superhero comics, so it's no surprise that some characters have abilities tied to the afterlife. Dead Girl is a mix of ghost and zombie who has the mutant ability to return to a semi-life after she's died, the power to become intangible, and she can talk to other dead people.

Dead Girl was introduced in *X-Force* #125 (April 2002) as an aspiring actress who is killed by a fellow actor after a one night stand. Her mutant powers were triggered, and she avenged her own death. After that, she moved to California and became an adventurer, eventually joining X-Force.

Heritage Basketball Icons Auction Nets $4.26 Million

Heritage's Michael Jordan and Basketball Icons Sports Catalog event achieved a high score of $4,264,661. The auction's top lot was the 2004 Topps Chrome LeBron James Superfractor No. 23, graded PSA Gem Mint 10, 1/1 that soared to $720,000.

Other high scorers were the Kobe Bryant signed piece of Staples Center floor that ended at $631,200; Michael Jordan's 1986-1987 game-worn Chicago Bulls uniform realized $480,000; a complete set of 1986 Fleer basketball cards, all PSA Gem Mint 10, reached $216,000; and a pair of 1985 Michael Jordan game worn Chicago Bulls Air Jordan I rookie sneakers brought $117,000.

Please tell us a bit about yourself!

I started a band at age 15 and have been making music since then in some capacity or another, but my first love was comics. I began writing professionally in 2013 with a book called *Polarity* (*Vol. 1* / OCT131011) for Boom! Studios, and then moved on to a bunch of indie/licensed stuff and work with DC and Marvel. I have a bunch of little kids.

What are your favorite projects you've contributed to over the past decade?

Moon Knight: Legacy (*Vol. 1: Crazy Runs in the Family* / FEB180940) from Marvel Comics, *Heavy* (*Vol. 1* / AUG208790) from Vault Comics, *Oh, Killstrike* (*Vol. 1* / JAN161213) from BOOM! Studios, and *Centipede* (*Vol. 1: Game Over* / FEB181397) from Dynamite Entertainment, perhaps!

What are you currently working on?

I'm currently writing the ongoing series Heavy at Vault, and Savage (Vol. 1 / FEB172077) over at Valiant... plus, some stuff that's still under wraps!

What fun titles are you reading?

Berserk (*Deluxe Edition Vol. 1* / OCT180363), *Batman: Three Jokers*, and Si Spurrier's *Sandman* comics.

And I'm always re-reading the same stuff too. Mike Mignola's "Mignolaverse" (*Hellboy*, *B.P.R.D.*, *Lobster Johnson*, etc.) is in constant rotation, and I'm reading all of Brian Michael Bendis and Mike Oeming's *Powers* in order...

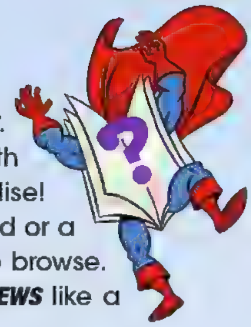
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

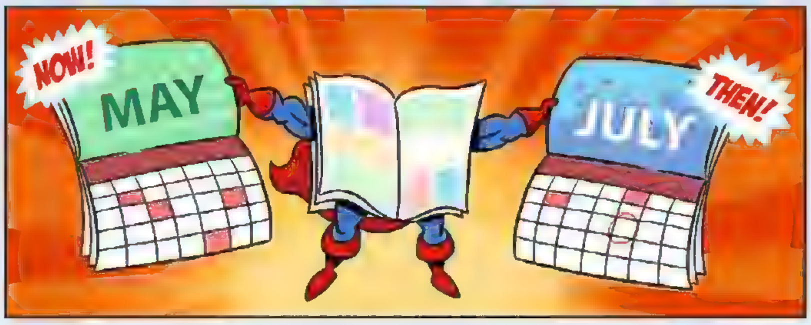
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

LEGENDARY CREATORS RETURN FOR A NEW SERIES FEATURING FAN-FAVORITE X-MEN

The X-Men have a long and storied history, and Marvel Comics opens the books on your favorite X-Men teams from legendary X-Men creators in the new ongoing series, *X-Men Legends*, beginning with a tale of Cyclops and Havok from Fabian Nicieza and Brett Booth in February!

When the Sh'iar come to Earth in search of a being they call the "Forsaken One," the Summers brothers — Cyclops and Havok — become caught up in an adventure that reveals long-hidden secrets about themselves and the X-Men!

The first story arc picks up the threads from Nicieza's classic 1990s run on the *X-Men* titles. Joined by fan-favorite artist Brett Booth, Nicieza returns to characters that he developed and defined, enriching the tapestry of the X-Men's past and planting seeds for the future.

Rediscover the X-Men in new tales from beloved creators involving their favorite X-Men characters in Marvel's new *X-Men Legends* series, exploding out of the Danger Room in February!

UNCOVER FAITH'S ORIGIN IN BOOM!'S NEW *BUFFY* MINI-SERIES

Buffy's successor — and rival — as Slayer is a troubled young woman named Faith. Lacking a Watcher to guide her, she leans hard on her life experience and in ways that often puts her at odds with Buffy and the Council of Watchers. Jordie Bellaire, Jeremy Lambert, and Eleonaora Carlini reimagine the Buffyverse's anti-hero and set the stage for future *Buffy* events in BOOM! Studios' *Buffy the Vampire Slayer: Faith* #1, coming your way this February!

PETER CALLOWAY TELLS THE TRUE STORY OF HIS GRANDFATHER IN AFTERSHOCK'S *SHADOW DOCTOR*

Nathaniel Calloway had a dream — to be a doctor. He graduated from medical school, but found the doors of Chicago's hospitals and practices closed to him because of the color of his black skin. So too were the doors of banks, who might have loaned him money. So he turned to the only source of money open to him — Al Capane's mob — and in Afternshock's *Shadow Doctor*, his grandson Peter Calloway and artist Georges Jeanty tell this dark story of the American dream and how far people will go to achieve it.

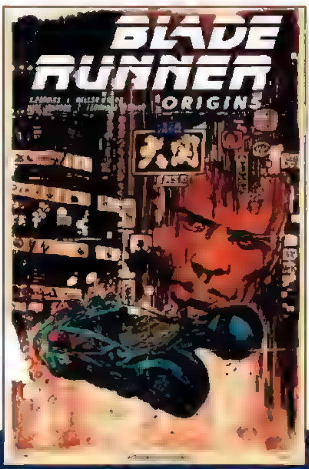
NEW PREQUEL COMIC REVEALS THE GENESIS OF THE BLADE RUNNER DIVISION!

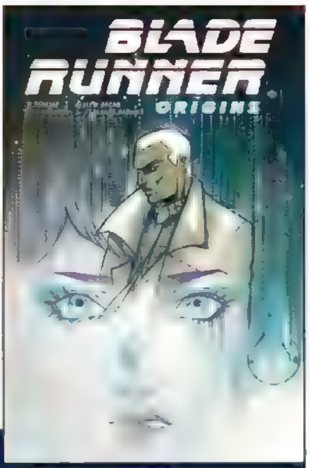
This February 2021 sees the launch of BLADE RUNNER: ORIGINS a brand-new ongoing comic from Titan.

Set ten years before the bestselling and award-winning *Blade Runner 2019 series*, this new story will follow the events leading up to the creation of the Blade Runner division.

We sat down with series writers **K. PERKINS** (*Supergirl, Batwoman*) and **MELLOW BROWN** (American Gods) to discuss what fans will discover in the new prequel series.



COVER BY
PIOTR KOWALSKI



COVER BY

K. PERKINS AND MELLOW BROWN

Welcome to the world of Blade Runner! What was it that drew you into writing for this new comic?

Perkins: "I've been a fan of Blade Runner since I was a kid. I worked with Mike Johnson on *Supergirl*, and when he and Titan floated the idea of joining the creative team on a new Blade Runner comic, it was an opportunity I couldn't say no to."

What was your first experience of the world of Blade Runner?

MB: "Blade Runner is such a huge part of pop culture, I remember it being referenced in even my cartoons like 'Tiny Toons' and immediately needed to know what a Replicant is."

What would you say has been your favorite thing about editing this comic series?

It's the production of the comic that I love the most. Seeing each issue come together, from script to layouts, pencils, inks, colors and lettering, it's all wonderful.

With a number of successful writers working on this project, how do you divide the workload?

Perkins: "Mellow and I have been writing the scripts and plotting the arcs under the creative guidance of Mike Johnson and Michael Green, who have been amazingly supportive of our wants for this book."

What is it like writing a prequel series that partly explains the events behind Ridley Scott's iconic 1982 film?

MB: "We're honored to be writing in the same sandbox as some of the most celebrated auteurs in science-fiction and we've worked hard to add new layers and definition to their work."

What is the most interesting part of the writing process for you? Is it fledging out the plot itself, or writing interesting and unique characters?

Perkins: "It all starts with character for me. Building out complex, dimensional people is paramount in telling a compelling story. Letting my mind spin on visual sequences within this stunning world is also incredibly fun."

What new art style does Fernando Dagnino bring to the book especially given that Blade Runner has a very distinct visual identity?

MB: "My jaw is on the floor anytime I look at Fernando's work on this book. It's as if he already exists in this world.

What sort of characters will fans encounter in this new series? How do they compare to characters such as Ash, Deckard and K?

MB: "Our complex characters come from extremely diverse backgrounds as they find themselves in the final days of this version of the world. We'll see the conflict of living in an incredibly uncertain time not too different from our own.

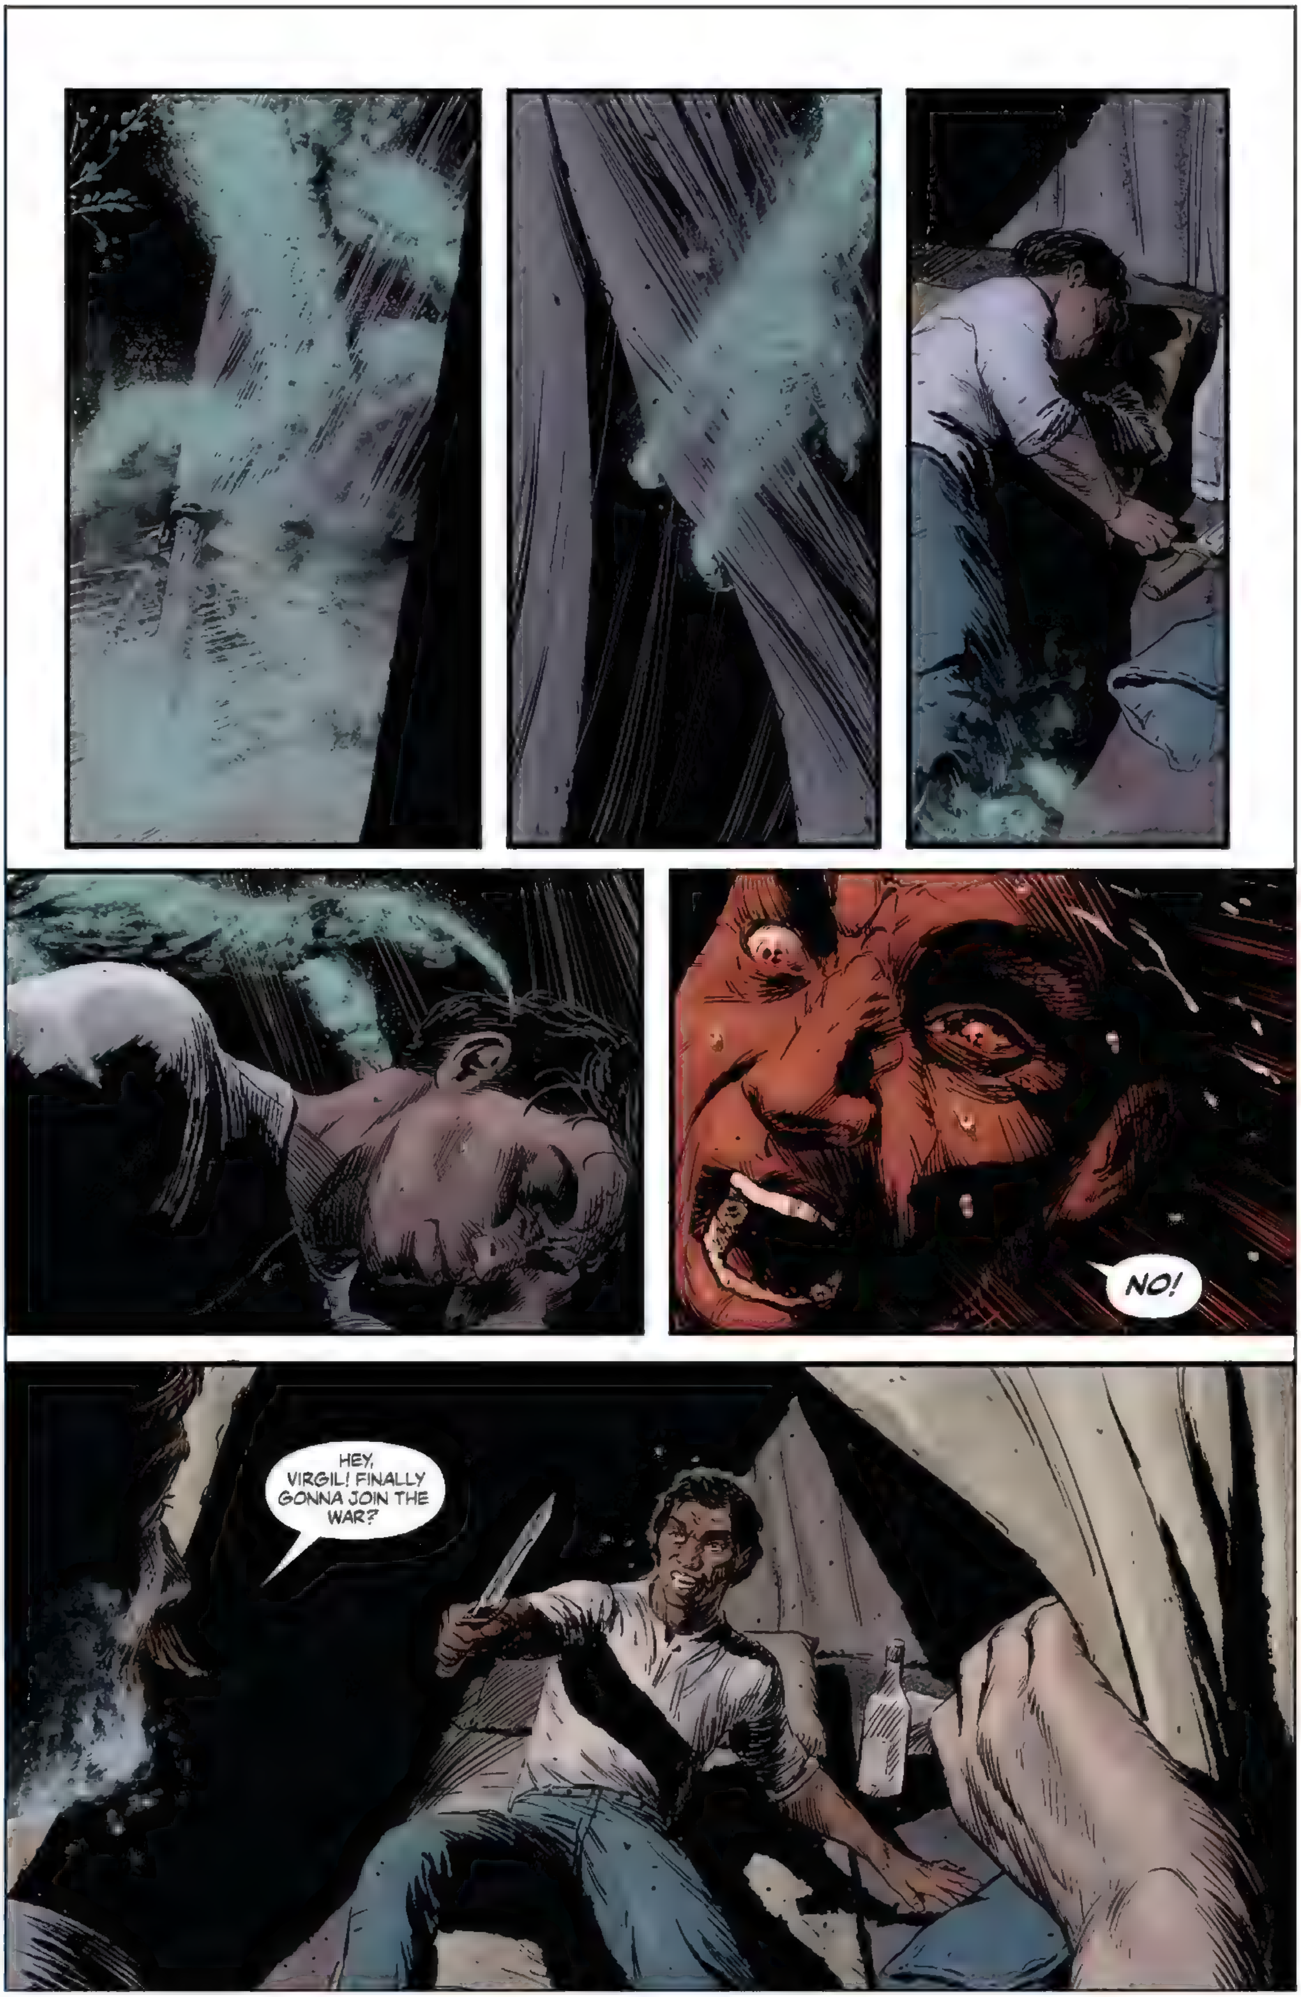
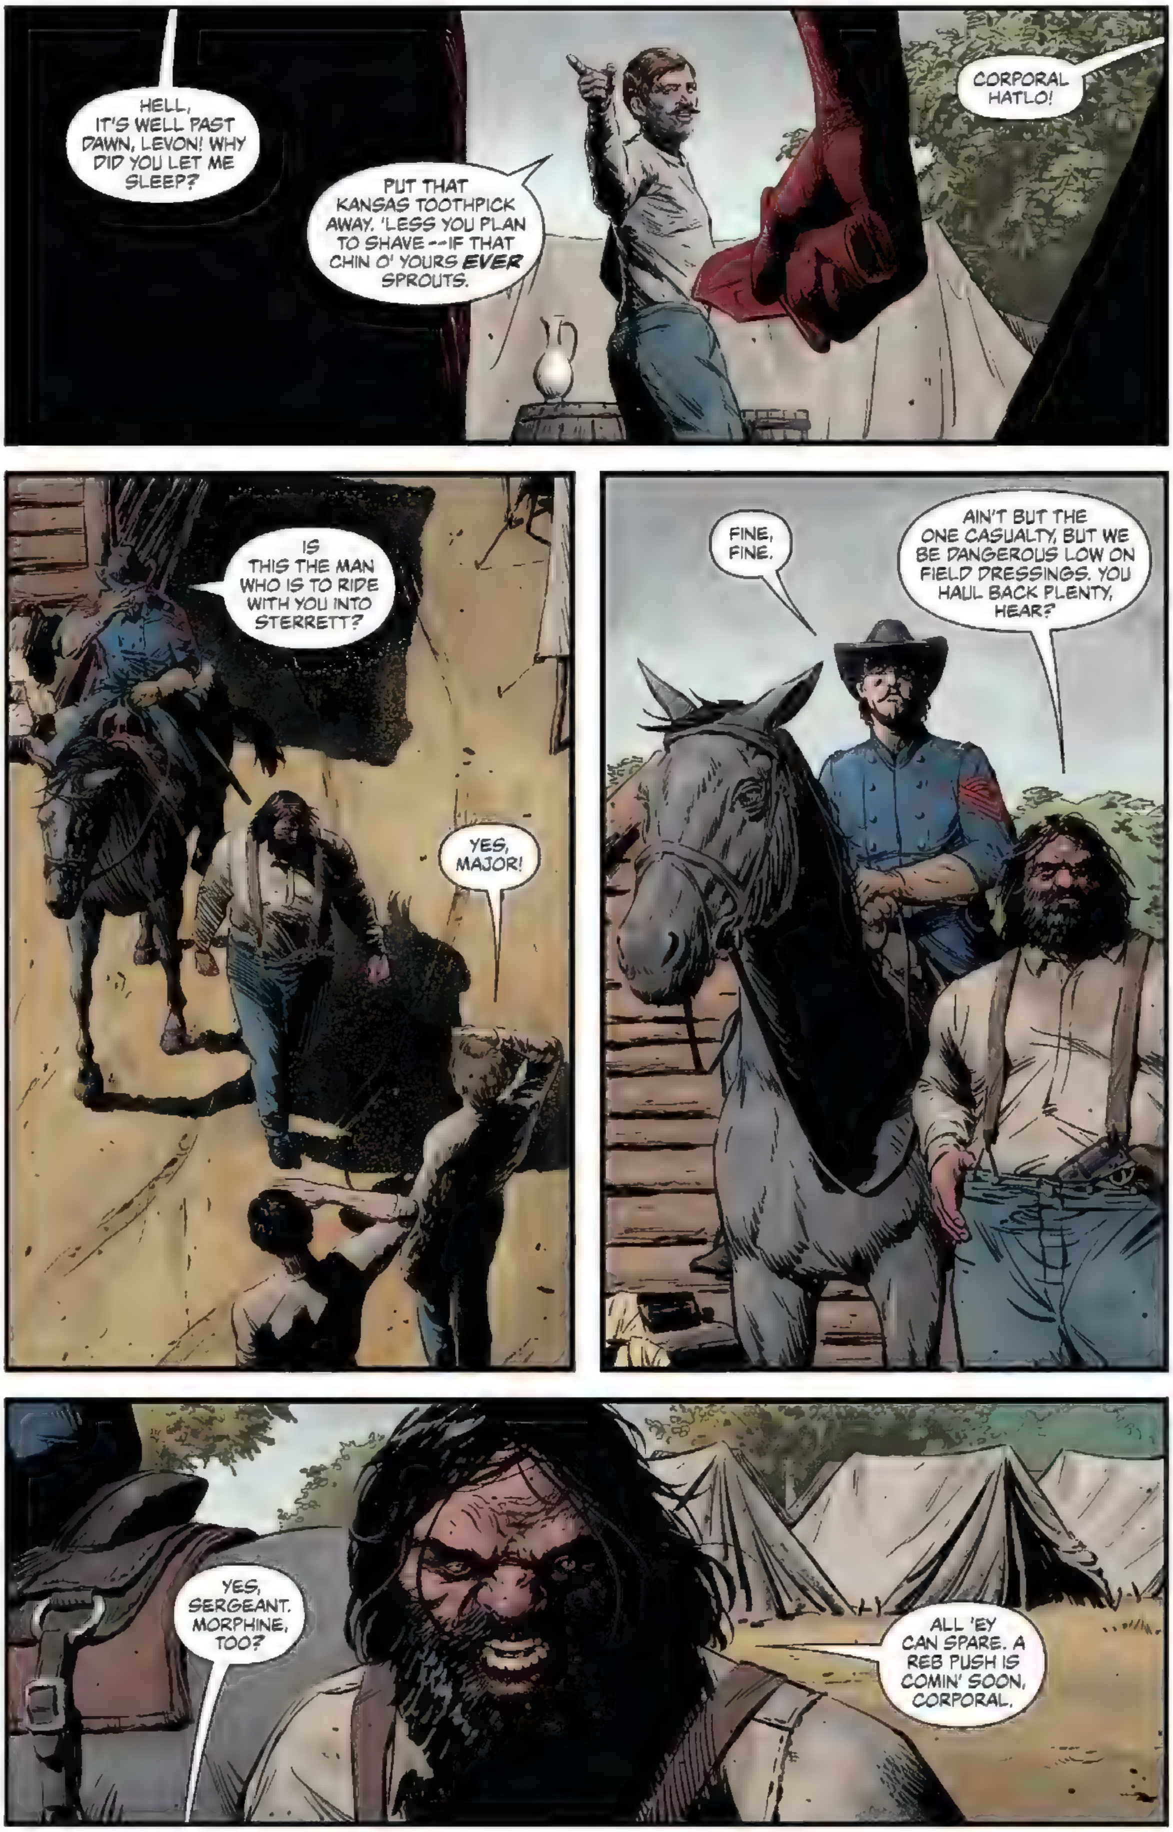
Unclaimed by the land that bore us,
Lost in the land, we find
The brave have gone before us;
Cowards are left behind.
Then stand to your glasses, steady;
Here's a health to those we prize.
Here's a toast to the dead already,
And here's to the next who dies.



NO!
HEY, VIRGIL! FINALLY GONNA JOIN THE WAR?



HELL, IT'S WELL PAST DAWN, LEVON! WHY DID YOU LET ME SLEEP?
PUT THAT KANSAS TOOTHPICK AWAY. 'LESS YOU PLAN TO SHAVE--IF THAT CHIN O' YOURS EVER SPROUTS.
CORPORAL HATLO!
IS THIS THE MAN WHO IS TO RIDE WITH YOU INTO STERRETT?
YES, MAJOR!
FINE, FINE.
AIN'T BUT THE ONE CASUALTY, BUT WE BE DANGEROUS LOW ON FIELD DRESSINGS. YOU HAUL BACK PLENTY, HEAR?
YES, SERGEANT. MORPHINE, TOO?

The hit sci-fi comedy podcast blasts into comics with this all-new graphic novel adventure! *Voyage to the Stars* is a bonafide podcast phenomenon starring Colton Dunn (*Superstore*), Felicia Day (Supernatural), Janet Varney (*Legend of Korra*), Kirsten Vangsness (*Criminal Minds*), and Steve Berg (*Drunk History*)! With 2.5 million downloads in its debut year and over 100,000 viewers on Twitch, the wild sci-fi podcast that's consistently ranked in the Top 100 for comedy is now on its way to conquer the comics world.

Earth is gone. Only one intrepid crew of misfits managed to escape, now determined and ambiguously destined to stop a growing, ancient evil from consuming the universe. Though stopping it may be tricky, as our heroes can't help but destroy just about every planet and species they come across. Kinda debatable who's the bigger threat.

RED SONJA! BLUE SONJA! GREEN SONJA! WRITER CHRISTOPHER HASTINGS GIVES EVERYONE A SONJA!

So is this kind of like a "Crisis on Infinite Sonjas?" Are you pulling inspiration from any other multi-dimensional, mind-bending tales within comics or elsewhere?

Chris: If a story has a multiverse element, I am 10x more likely to check it out and probably love it. I keep typing out and then deleting my answer to this question, because it keeps turning into a list that might as well say "ALL OF THEM." But in particular, I gave myself a refresher course on material that embraces the fun of the mashup and lays down excuses to get characters you don't normally see together into big crazy fights. The Marvel versus DC/Amalgam universe stuff really helped me get in the right headspace.

It's essentially a "tournament arc," right? Like as is popular in some manga, anime or even something like the classic Contest of Champions. How many Sonjas will fans get to see in this series?

Chris: You're absolutely right! The Sonjas across the infinite parallel realities have done something to piss off a divine force that touches the multiverse. That force's representative, Saint Sonja hops from world to world, forcing the Sonjas to battle in a tournmanet. As far as how many, we've got a core cast of about seven different Sonjas, but eventually it's only going to be limited to how many different Sonjas Pasquale wants to draw. We might be starting with the She-Devil with a Dinosaur, and the She-Devil with a Mech, but we can take that basic format and go verrryyyy far.

Do you have favorite Sonjas among the cast that you're excited to share?

Chris: Well I mentioned the Dinosaur Sonja, and the Mech Pilot Sonja. Writing their battle was what really got me excited for the possibilities of this comic. I'm also pumped for Blue Sonja, who is basically the Red Sonja of an 80s action movie. Big guns, motorcycle, explosives. I cannot wait. We've also got a steampunk monster-hunter Sonja who's a ton of fun. The designs that have come in for the cyborg Sonja have been sick. I think I could probably write 24 issues around Hell Sonja alone -- Okay I just realized I'm simply listing "ALL OF THEM" again. The main thing is that we're really trying for a genre balance among the main cast, and just constantly trying to outdo ourselves.

Some of your most celebrated stories are chock full of humor, like the fan-favorite Unbelievable Gwenpool and the Adventures of Dr. McNinja. Can readers expect some good laughs in this fracas too?

Chris: I'm REALLY trying to keep my yuks in check on this one. I want this to feel like a pulpy Red Sonja story that happens to be mashed into other action comic genres. I want the baddies to feel scary (not all the Sonjas are heroes!), the stakes to be real, and for there to be a whole lot of blood. If there's anything I'm pulling from my experience writing Dr. McNinja, it's that any time it could go over the top, it did. That said I am allowing myself to have one of the Sonjas be "the funny one." Every team has to have a Michelangelo.

The premise of this title is just begging for some wild artwork, both inside from Pasquale Qualano (DIE!NAMITE, Dejah Thoris) and an onslaught of beautiful covers depicting all the various colored Sonjas. As an artist yourself, how has it been collaborating with Pasquale and seeing all the work come in?

Chris: I am not a *great* artist, so my experience is probably the same as it would be for anyone else. I get some artwork in my inbox, I look at it, and then I yell "HOLY S#@T" out loud.

From the world of the best-selling trilogy of books and the hit Netflix show comes a new chapter in the ALTERED CARBON universe!

In the future, bodies can be changed like clothes, giving life an entirely new meaning—or lack of meaning.

Takeshi Kovacs—once a member of the Envoy Corps, the elite, deadly troops of the Interstellar Earth Protectorate—now finds himself imprisoned . . . both in a jail and in an extremely weak body. When he learns that Envoys he served with in a battle he somehow can't remember have been stolen and sold to one of the richest people in the universe, Kovacs vows to rescue them and get revenge. Leaving behind a staggering body count as he blazes across the galaxy, he wonders why he has a hole in his memory . . . and what secrets that gap holds for understanding his future and himself.

MORGAN is joined by writer SCOTT BRYAN WILSON (Batman Annual, Batman: Gotham Nights) and artist MAX FUCHS (Halcyon Days) to deliver the ORIGINAL GRAPHIC NOVEL in continuity with the novels, **ALTERED CARBON: ONE LIFE, ONE DEATH**, a violent, galaxy-spanning adventure of prison breaks, political intrigue, and sinister machinations.

Newspaper comic strips helped to create the comic book as we know it today, with the earliest collections of popular daily strips of the era serving as a springboard for the stories of adventure, mystery, and super-heroics that followed. Comic strip material from the 1930s to today is still being collected more and more each year; fan-favorite, little-known, and even obscure strips are being painstakingly cleaned up, enhanced, and collected for a whole new audience to experience once again. This month's issue of ***PREVIEWS*** is filled with dozens of comic book and comic strip collections, both new and backlist. Just look throughout this issue for our "From the Archives" icon for more great collections!

Scott Fitzgerald's *The Great Gatsby* is a tragic love story, a mystery, and a commentary on America. *It* concerns itself with the lives of the wealthy as observed by the narrator Nick Carraway, who served in the army during World War I, moved to New York and settles in West Egg, Long Island. There he meets the wealthy Jay Gatsby- a mysterious man who gives lavish all-night parties, is rumored to be a war hero, yet by others a German spy. As Nick grows closer to Gatsby and unravels more details about him, only his love for the lovely Daisy Buchanan turns out to be true.

A gorgeously illustrated edition of F. Scott Fitzgerald's beloved American classic. Authentic photographs from the novel's era, along with original illustrations, bring the story to life for the reader and give a glimpse into the roaring 20s making it the definitive edition. THE AMAZING BATVARK ONE-SHOT

(W) Dave Sim
(A) Dave Sim, Gustave Dore
(CA) Dave Sim & Various

Don't you ever get tired of obviously contrived cover "come ons" like "Batvark No More!"? Like we would actually allow our #1 (sad to say) intellectual property to just quit being who he is? Of course you don't! That's the driving force behind the modern comic-book field! Contrived and completely unsustainable headline-grabbing reboots and reinventions. So what's new about *this* one? The giant symbolic Batvark and the tiny little former Batvark on the cover actually appear that way in the comic book! That's what! (STL176515)

Thirty years ago, the idea that a genocidal, absolutist *"fire and brimstone"* faith-based ideology could actually steamroll its way across national borders, financing itself by looting its own citizenry was considered too far-fetched "even for comic books" so that it could only be addressed in the broad confines of the Ultimate Parody Comic, Dave Sim & Gerhard's *Cerebus*. ROCK & ROLL BIOGRAPHIES: OINGO BOINGO

(W) Michael Aushenker
(A/CA) Carlos Etcheverry

Oingo Boingo was an American new wave band, formed by songwriter Danny Elfman in 1979. As a rock band, Oingo Boingo started as a ska and punk-influenced new wave octet, achieving significant popularity in Southern California. During the mid-1980s, the band changed line-ups and adopted a more pop oriented style, until a significant genre change to alternative rock in 1994. At that point, the name was shortened to simply Boingo and the keyboardist and horn section were dropped. The band retired after a farewell concert on Halloween 1995. (STL166976)

Years in the making, this is the true story of writer Peter Calloway's grandfather, Nathaniel Calloway, a Black man who graduated from medical school in the early 1930's. Unable to get work at any Chicago hospitals because he was Black, and unable to secure a loan from a bank to start his own practice because he was Black, he turned to another source of money in Prohibition-era Chicago: the Mafia, run by none other than Al Capone.

As Calloway himself says, "On the one hand, his story represents the promise of America. On the other hand, it shows the worst of it."

From writer Peter Calloway (THE LAST SPACE RACE, *Legion*, *American Gods*) and Eisner-award winning artist Georges Jeanty (*American Way*) comes a sobering vision of the American Dream.

Four years ago, a masked slasher began stalking the streets of New York City.

Maniac Harry is inhuman, unkillable and unstoppable. Which is why the authorities' solution has been to ignore him, and let New Yorkers adapt to a world where death can strike at any moment. When Maniac Harry starts killing his way through the subway system, trauma-haunted political aide Gina Greene and disgraced NYPD detective Zelda Pettibone become determined to go rogue and destroy him. But how can they fight a monster when they can't fight City Hall?

From Emmy Award-winning writer Elliott Kalan (*The Daily Show, MST3K, Spider-Man & The X-Men*) and artist Andrea Mutti (*Port of Earth, Hellblazer*) comes the horrifying story of what happens when terror becomes the new normal. A frightening, thought-provoking, sometimes funny, always timely tale of murder, obsession and urban living.

America, 1957. Elvis dominates the airwaves and apple pie is served after every meal. But, with the dark cloud of nuclear holocaust looming, Korean War vet Tim McClean's major concern is taking care of his family in the atomic age.

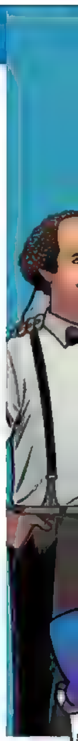
AMERICAN MYTHOLOGY: FIVE YEARS OF WONDER



An Interview with Publisher, James Kuhoric

by Marty Grosser

Five years ago, my friend and former Diamond teammate (twice!), Jim Kuhoric decided to throw his hat into the publishing ring. He had a vision. One based on his childhood love of comics and his adult appreciation for the artform, past and present. From that vision came American Mythology, an independent publisher serving up classic comic book characters and material for all ages, plus new adventure comics for teens/adults, and mature readers horror series (another of Kuhoric's favorite subjects).

As American Mythology enters its fifth year of publishing, Jim was kind enough to take a break from his work at AM (and his other duties over at Dynamite Entertainment!) to talk about this publishing milestone for his independent imprint and where they're headed in 2021 and beyond...

PREVIEWS*: *What made you decide to start publishing comics?

James Kuhoric: Magic. Pure and simple magic. At least that's what comics were to me when I was a kid. No matter what problems I had, they were my port in every storm. They were my shield to whatever the outside world threw at me. School, pressures, life, it didn't matter. I used to hide in the crawlspace of our house with a stack of comics built around me and a flashlight perched on my shoulder, reading and re-reading those wondrous stories and imagining what happened next. We may not have had the internet back then, but there's nothing quite like escaping within yourself and letting your mind take you places wi-fi just can't. I didn't know it then, but that was where the foundation and desire to tell comic book stories originated. Years later when I had the opportunity to actually write comics, I knew I achieved a lifelong dream, but I still felt like something was missing. It was after my experiences with Realm Press, a small independent press I helped to found in the early 2000s, that I knew publishing was in my future. When I put American Mythology together several years ago, I modeled a lot of what we do off Dark Horse Comics' successes back in the 1990s. I have tremendous respect for Mike Richardson and those early licensed comics — *Star Wars*, *Aliens*, and *Predator* - were some of my favorite non-superhero titles (and still are). A lot of my writing has been with licensed properties because I always wanted more time and more stories from the movies and TV I loved. It's no surprise then, that I based American Mythology on those principles.

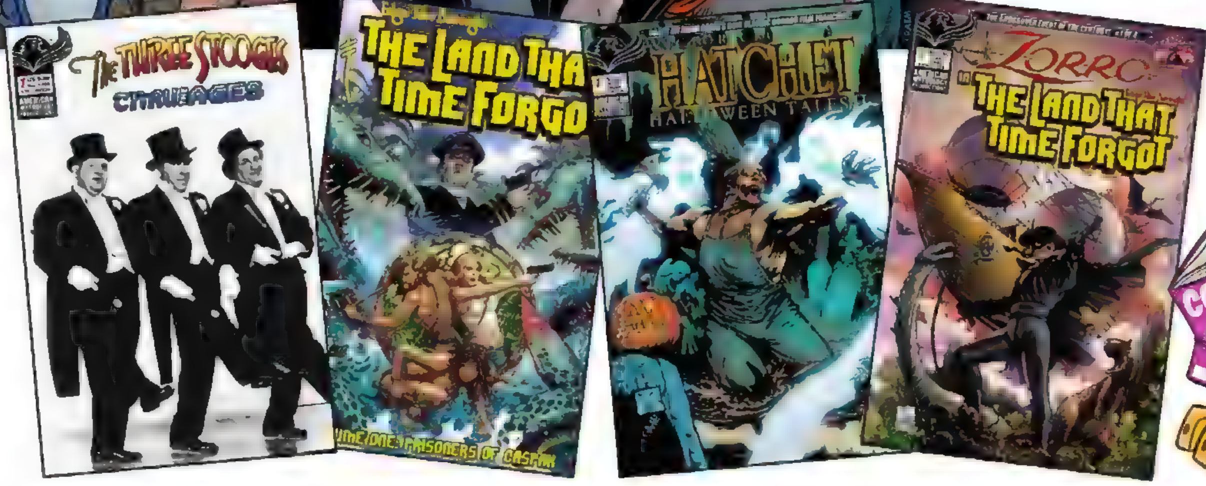
P: How do you decide what licenses to go after?

JK: It all starts with passion for the content. If I do not truly believe there is an opportunity to tell great stories with a property, we don't go after it. There are a lot of comics being published and several companies with a lot more influence and money than we have. For example - I would have loved for American Mythology to be in the running for *Conan the Barbarian*. But the truth of the matter is that when gigantic companies like Marvel go after licensing, there is no competing with them. Truthfully between Marvel, IDW, Dark Horse, Boom, and Dynamite, there is very little room for anyone else in comic book licensing. So, the obvious properties are out of reach - we will never have *Star Wars*, *Buffy the Vampire Slayer*, or *Transformers*. You must see the potential in things others don't. You have to understand the fans and what they're looking for in comics. We publish the underdogs — and by that, I mean we *literally* printed *Underdog* comics! — and the other forgotten gems of the comic book world. Our goal is always the same: take whatever story we are trying to tell and make it the absolute best it can be. Our motto of *"Comics for Fans by Fans"* is more than just words. When fans pick up our comics, they will find inspired storytelling and better art than some companies that are much bigger than us. I am extremely proud of that and I appreciate every reader that gives us a chance to entertain them.

P: You've reprinted some classic material from the past and brought some great new work to market in the last five years. What are some of the publishing highlights that made it all worth the effort?

JK: Our first year was the stuff dreams are made of. *The Three Stooges*, *Stargate: Atlantis*, *The Pink Panther*, and the Edgar Rice Burroughs Universe titles really established what we stand for. Quality and creative storytelling combined with a real passion for comics. We only hired creators that understood the properties and that

brought a clear vision to the comic books. The reprints we have put together have made it possible for new generations of fans to get copies of forgotten classics and books that are just too expensive for the casual reader to afford. We've published the reprint of the first appearance of *Zorro* in comics, classic stories by Len Wien and Michael Kaluta, and brought back classic stories from *The Three Stooges* and *Laurel & Hardy*. All of this adds to the original content we've been creating with titles like *Beware the Witch's Shadow* and *Eternal Thirst of Dracula*. And we're ramping everything up another notch for 2021 to help celebrate our five-year anniversary, so stay tuned for a ton of fantastic new comics coming!



The Three Stooges
The Land That Time Forgo
Hatchet
Halloween Tales
Zorro in The Land That Time Forgot

P: Is there anything on the horizon for American Mythology that you'd like to tease to our readers?

JK: I would *LOVE* to spill the beans on all the new projects we've got brewing, but we're still developing a lot of the new comics that we have planned for next year, and a couple surprises we're still finalizing. But I can tell you a few really awesome things we've got coming down the pike. Big news is coming from the Edgar Rice Burroughs Universe including *Beyond the Farthest Star*, which will become a centerpiece of our sci-fi ERB content. We are also bringing the long lost *Robonic Stooges* back to life and continuing our work with *The Three Stooges* leading up to their 100th anniversary! And I am proud to let all the ***PREVIEWS*** readers know that we just signed a deal with *The Harlem Globetrotters* to bring those characters back to comic books! There really is so much more, including some wonderful horror properties that we *CANNOT* talk about just yet coming next year as well. Stay tuned to find out what we are cooking up. You won't be disappointed!

I want to ask every fan out there to check out our comics to find out what we are all about. Ask your local comic shop to carry American Mythology so you can see our new comics every week. Discoverability in comic shops is huge and retailers need to know that fans want these books in their stores. You can help us to get the word out about our titles just by letting your retailer know you want to see our comics. We are making some incredible books and bringing classic characters to life every month. Books like *Zorro, Carson of Venus, Hatchet, The Three Stooges, Oggy and the Cockroaches*, and *Laurel & Hardy* are some of the best out there. We need your help to reach comic book readers and to introduce them to the passion we put in every issue!

At the end of the day, I like to imagine some young reader with a pile of American Mythology comics stacked around them and getting lost in the worlds we had a hand in creating. That's what puts a smile on my face and makes all the hard work worth it. We're extremely proud to watch this company survive a tough year for all of us in the comics industry and then hit a benchmark like our five-year anniversary. I'm excited for the direction AM is moving into the future, and I'm hoping even more fans jump on board and give our comics a chance. You won't regret it!

The dusty desert town of Redemption survived the apocalypse but is hanging on by a thread. A despot rules the town with an iron fist and controls its most precious resource: water. When that strongman marks her mother for death, young Rose Obregon ventures into the perilous wasteland to seek the help of the legendary gunslinger Cat Tanner, only to discover that the so-called "Butcher" is long retired, living in solitude, far from what's left of the world, and preferring to keep it that way. When Rose arrives on Tanner's doorstep, with gunmen hot on her trail, the Butcher has a choice to make: sit on the sidelines or pick up her guns and do what she does best?

You're fifteen years old. You're suddenly granted incredible powers. Cool, right? There's only one problem: you can only use your powers for ten minutes at a time. What do you do when you have to save the world but you only have ten minutes to do it? This is the problem faced by Oliver Leif, a teenager who has just moved to a new town, and a new school, and is having a hard enough time navigating classes and his crush before the inter-dimensional monsters started showing up.

Upshot's hit series *Year Zero* returns with four new harrowing tales of survival from around a post-apocalyptic world, set several months after the events on Volume One: A grizzled Norwegian sea captain and her two young grandchildren navigate an ocean teeming with undead while eluding the relentless pirates on their trail. A Colombian cartel boss indulges all of his most sadistic whims unaware that a threat far greater than zombies is headed toward his jungle fortress. A Rwandan doctor must overcome the crippling fear that has plagued him all his life as he stumbles through the African bush. And a pregnant woman barricaded in an American big box store discovers that the greatest threat to her life—and her unborn child's—might not be undead. Benjamin Percy (*Wolverine*, *X-Force*) once again pens this global look at the zombie apocalypse, now joined by artist Juan Jose Ryp (*Britannia*) and colorist Frank Martin (*Infinity Wars*).

It's visual thrash metal; it's sequential poster art from underground punk shows; it's a hallucinogenic cosmic odyssey that fights dirty and always shoots first. It's loud, it's frantic, it's wildly inventive. What's more: it's completely unmissable. CHARACTERS

"This book is a great pop-culture meld, a fun mix of comics, video games, tabletop games, adventure cartoons, and more, that all combine to make something very new yet also familiar. Gabriel's approach to visual storytelling is quirky, and idiosyncratic and unique: at least it's new and fresh to me, and incredibly well done."

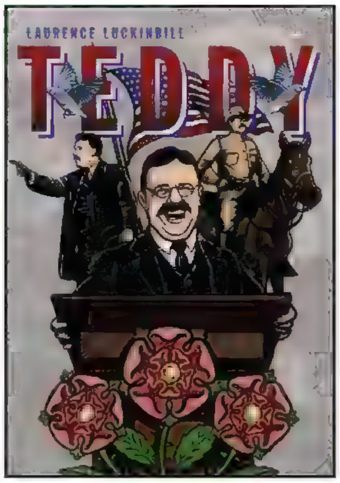
DEAD RECKONING



TEDDY GN

(W) Laurence Luckinbill (A) Eryck Tait
July 1918. Preparing to speak to an eager audience, 61-year-old Teddy Roosevelt receives the telegram that all parents of children who serve in war fear most: His son Quentin's plane has been shot down in a dogfight over France. His fate is unknown. Despite rising fear for his youngest son, Teddy takes the stage to speak to his beloved fellow citizens. It is, he says, "my simple duty." But the speech evolves from politics and the war, into an examination of his life, the choices he's made, and the costs of his "Warrior Philosophy." Overflowing with his love of nature, adventure, and justice, *Teddy* dramatically illustrates the life of one of America's greatest presidents. (STL174533) (C: 0-1-0)

LITTLE LULU HC'S

(W/A/CA) John Stanley

Lulu Moppet is an outspoken and brazen young girl who doesn't follow any rules, whether they've been set by her parents, the neighborhood boys, or society itself. 2019 Lulu engages in suburban hijinks: she goes on picnics, babysits, and attempts to break into the boys' clubhouse again and again. Cartoonist John Stanley's expert timing and constant gags made these stories unbelievably enjoyable, ensuring that Marge's *Little Lulu* was a defining comic of the post-war period. Lulu's assertiveness, individuality, and creativity is empowering to witness; the series is powerfully feminist despite the decades in which the stories were created. (STL119879)

LOVE THAT BUNCH HC

(W/A/CA) Aline Kominsky Crumb

Aline Kominsky-Crumb immediately made her mark in the Bay Area's underground comix scene with unabashedly raw, dirty, unfiltered comics chronicling the thoughts and desires of a woman coming of age in the 60's. Kominsky-Crumb traces her steps from a Beatles loving fangirl, East Village groupie, an adult grappling with her childhood, an 80s housewife and mother, to a new 30-page story Dream House that looks back on her childhood, 40 years later. Collecting comics from the 1970s through today, *Love That Bunch* is shockingly prescient while still being an authentic story of its era. (STL079459)

COMING OF AGE

It is a place where savagery knows no bounds. A place where foggy glass windows house a ruthless social hierarchy. A place where no one is truly safe. They call this place...the locker room.

As teen boys discover a renovated locker room at their school, it becomes the nexus of genuinely life-altering events. Body shaming, bullying, and the cruelty of prying eyes are only the tip of the iceberg inside this cauldron of hormones and developing adolescent minds.

Akin to the horrors of *Lord of the Flies*, *The Locker Room* explores a micro-society without boundaries in which only the strongest survive.

THE GREAT JOURNEY

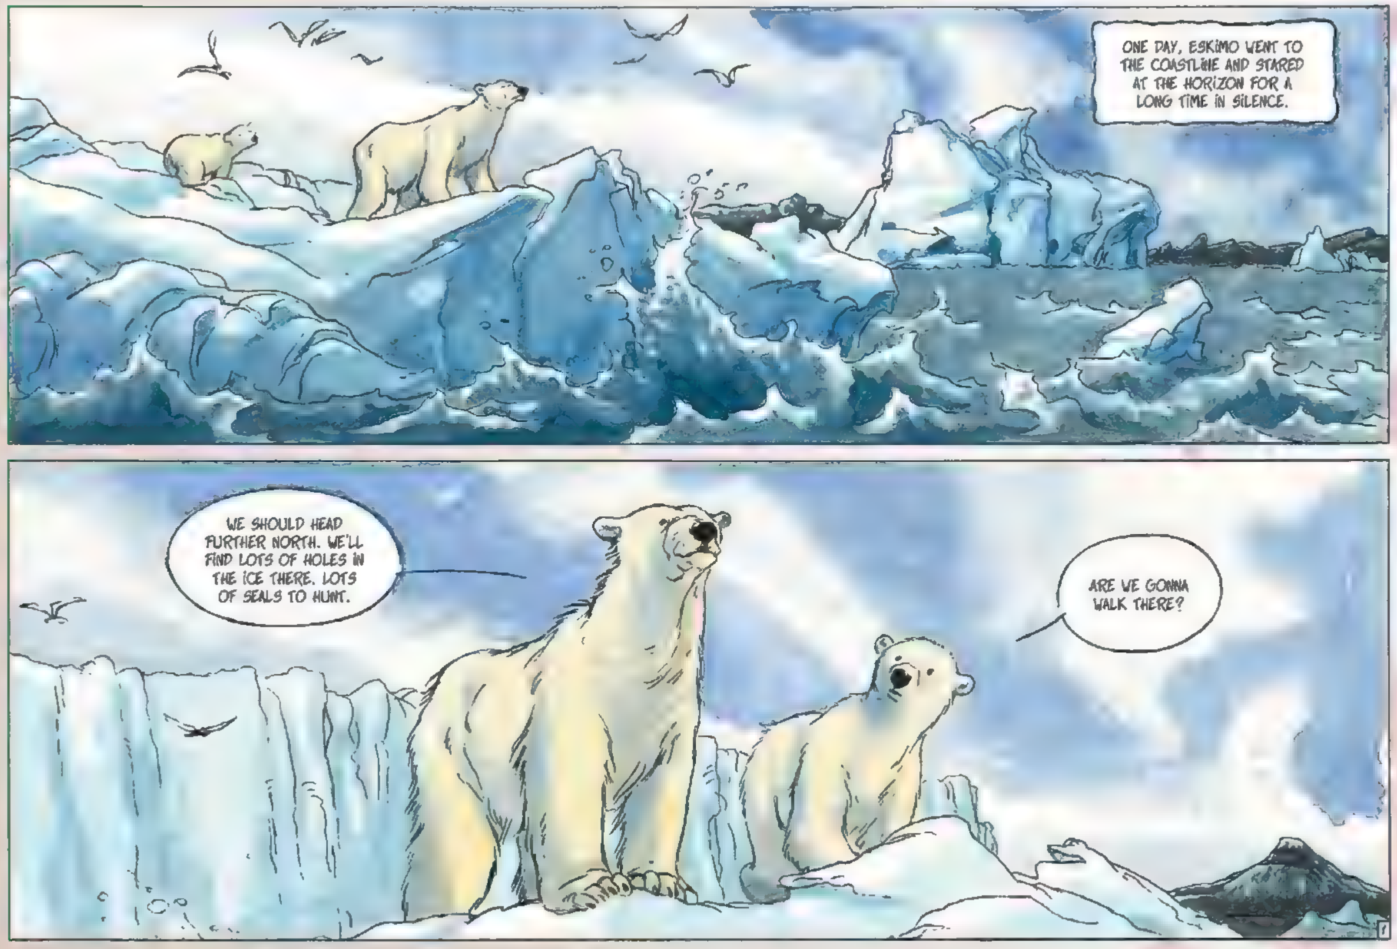
Written by
EMILIO RUIZ
Illustrated by
ANA MIRALLES

A charming tale about friendship, loyalty, and purpose in an age of global warming

Young Waluk and old Eskimo are two polar bears helping each other get by in the modern Tundra. But food is growing scarce and their world is changing thanks to global warming and the human strangers who carelessly roam through their territory. But these carefree bears optimistically head out in search of fertile hunting grounds, making friends and avoiding dangers along the way.



ONE DAY, ESKIMO WENT TO THE COASTLINE AND STARED AT THE HORIZON FOR A LONG TIME IN SILENCE.
WE SHOULD HEAD FURTHER NORTH. WE'LL FIND LOTS OF HOLES IN THE ICE THERE. LOTS OF SEALS TO HUNT.
ARE WE GONNA WALK THERE?

(W) Fred Toole (A/CA) Owen Fitzgerald, Al Wiseman

One of the greatest comicbook series ever created for children was *Dennis the Menace*. But possibly because of the success of the comic strip, television series, and feature films, the *Dennis the Menace* comicbooks were never taken seriously by comic art critics. But all that changed when a *Dennis the Menace* story was included in *The Toon Treasury of Classic Children's Comics*, edited by Art Spiegelman and Francoise Mouly. This volume features the work of artist Owen Fitzgerald whose work with writer Fred Toole is considered a high point of the series. (STL006190)

I FEEL LOVE GN

(W) Julian Hanshaw (A) Krent Able

Love makes the world go round. It can also turn your heart as black as coal. In the much anticipated follow up to their Eisner-nominated *I Feel Machine*, Julian Hanshaw and Krent Able curate a series of dystopian, satirical and psychological short fictions from artists Anya Davidson, Cat Sims, Benjamin Marra, and Kelsey Wroten that explore love's dark, twisted underbelly, and offer a much-needed tonic to everything that is sweet, cloying, and conventional. As unflinching as it is honest, *I Feel Love* questions the one emotion that is meant to make us feel good — but often does the exact opposite. (STL175265) (C: 0-1-0)

American Comic Book Chronicles
The 1990s
1990 1999

O/A THE AMERICAN COMIC BOOK CHRONICLES: THE 1990S HC

The 1990s was the decade when Marvel Comics sold 8.1 million copies of an issue of the *X-Men*, saw its superstar creators form their own company, cloned Spider-Man, and went bankrupt. It was when Superman died, Batman had his back broken, and the runaway success of Neil Gaiman's *The Sandman* led to DC Comics' Vertigo line of adult comic books. It was the decade of gimmicky covers, skimpy costumes, and mega-crossovers. But most of all, the 1990s was the decade when companies like Image, Valiant, and Malibu published million-selling comic books before the industry experienced a shocking and rapid collapse! Spring brings unexpected death and mourning, but in fall the harvest must begin again. As markets change, a new generation struggles to continue the ginseng legacy. - Before a weapon is deployed in battle, it must be designed, refined, field-tested. Bloodshot was no exception.
- In the early days of the private military contractor Project Rising Spirit, the nanite-infused super-soldier who would one day become their most violent and valuable asset was a resource to be mined - and it was up to an enterprising young team of scientists to ensure he did what he was told. But memory is a tricky thing...and the man Bloodshot used to be won't let go of his past so easily...

SYNOPSIS

Legends say that Senzou the Black Fox is one of the most vicious and powerful supernatural beasts to ever roam the land. At least, he used to be. Now, 300 years after he was imprisoned by the Sun Goddess for his bad behavior, Senzou is back — in the form of a small black fox with no powers! Tasked with protecting a young tanuki called Manpachi as he fulfills various tasks for the gods, Senzou must earn his powers back by learning how to be a good guardian to the energetic little pup.

Though Senzou is a grumpy and reluctant companion at first, even a hard-hearted fox can be tamed by cuteness... and the little tanuki quickly learns there are some family ties that aren't decided by blood.

> *"A little gem... one of the Best Comics of the Year."*
> *- CPublishers Weekly (Nov 2005)*

SYNOPSIS

In volume one, when amateur writer Christie settles in the artist alley of her first-ever anime convention, she sees it as an opportunity to promote the manga she had started with her artist boyfriend. But when she unexpectedly falls for a mysterious cosplayer, things become complicated. What do you do when you love someone who will be miles away from you in just a couple of days?

Volume two begins with Christie's second year at the Lakeside Anime Convention and the drama picks up right where it left off! With her new partner-in-crime, a.k.a. artiste extraordinaire Bethany, she is promoting her latest comic. Matt is also back, but to Christie's shock, he now has a girlfriend!

In the third volume, college students Christie and Bethany are back to pimp their comic at the LAC, this time to a delightfully large crowd of loyal fans who read it online. Bethany's glowing with pride since her mascot art won the contest and is now on every t-shirt and program at the con. This year, they're the stars!

Humanity lives under the threat of annihilation by immensely powerful dragons. In a world where dragons rule sky, sea, and land, those who would fight them and win must surpass the limits of normal human strength. Dragon hunters: warriors armed with special silver weapons who kill their prey for bounty. Lowest among their ranks is Ragna, who forms an improbable partnership with the young genius Leonica, a master dragon slayer with more kills to her name than almost any other. DIAMOND SELECT TOYS' *TRON* FIGURES COME IN AN ARCADE CABINET DISPLAY

NOT FINAL ART

M-9 Diamond Select Toys

One of the most imaginative films of the 1980s, Disney's *Tron* was a groundbreaking, computer-animated story of a human computer programmer who becomes trapped within the memory and circuits of a computer itself, a place where he and other programs competed in a cybernetic form of gladiatorial combat. For those who remember the *Tron* arcade game or just love the film, Diamond Select Toys celebrates the film with the *Tron: Electronic Arcade-Style Box Set*, a collection of three figures that come packaged in a retro, arcade cabinet-style package! This set comes with figures of Flynn, Tron, and the villain Sark, each with reflective paint that, in conjunction with the LED and ultraviolet lighting of the display give the characters the same otherworldly sheen they had in the film. Plus, the arcade cabinet display comes with two coin slots and a joystick to complete the *Tron* video game experience. Available exclusively through ***PREVIEWS***, Diamond Select Toys' *Tron: Electronic Arcade-Style Box Set* is a package that no Tron fan can afford to miss!
